## TURBO CONTINUOUS RIM

### UNIVERSAL MULTI MATERIALS

600 Pro

Cat® 600 Pro continuous rim turbo blade is one of the fastest blades in the Cat® armory. It is capable of cutting the hardest materials including steel rebar. Its has a specially designed bonding formulation & ultra high quality diamond grit that enables it to cut continuously all hard materials. The high tensile core keeps the blade tensioned. The blank benefits from vented cooling holes specifically placed to dissipate any heat build up in the harshest cutting environments. Extra long life & noise reduction technology this blade is extremely fast, has long life, precise & safe. Suitable for wet or dry cutting.

#### ATTRIBUTES
